SALES DAY SUCCESS

MERCHANTS REPORT INCREASED PATRONAGE WEDNESDAY.

SECRETARY IS PLEASED

Encouraging News From Business Men Shows Value of Innovation to Trade.

Reports from the merchants indicate that the sales day Wednesday was the most successful of any that have yet been held, in all except the clothing line, the slackness in this line being attributed to the warm weather. As before people came long distances to make their purchases, and the news is gradually being disseminated that the Maryville merchants are putting on real sales these days, doing just as they advertise, and that real bargains are to be had here. Dry goods merchants say their trade was from twenty-five to thirty per cent better than on ordinary days, shoe men say the same thing or better, while the hardware men are thoroughly satisfied. Secretary John Hoffman of the Commercial club is feeling much elated over the good reports.

BURR OAK CHURCH DEDICATION.

Will Take Place the Coming Sunday—One of Old Congregations of the County.

The Burr Oak M. E. church, four miles west of Skidmore, which has been undergoing a general reconstruction, is now completed and will be dedicated next Sunday. A large number of people are expected to be in attendance and there will be a basket dinner, after the dedicatory sermon by Rev. Sauceman of Skidmore.

The Baptist Meetings.

Rev. Smith preached on "The Progress of the Incarnation" at the First Baptist church last night. The audience was very attentive and there was evidence of personal interest from several present, one asking for the prayers of the people.

Rev. Smith said that the purposes of the incarnation was to reveal the Father; to take away sin and to destroy the works of the devil. He spoke of some of the men God first used in revealing himself to men, and said that they did not see the person of God, but they saw the love of God, His infinite tenderness, His yearning for His children. Then He sent His Son, the incarnation of Truth, to show to the world that He is all there is in all there is in the universe.

Rev. Smith's subject for Thursday night will be "The Valley of Decision."

Returned to Kentucky.

Mrs. A. J. Kinnaman of Bowling Green, Ky., who has been visiting at the home of her parents, Mr. and Mrs. G. W. Long, left for her home Thursday morning. Mrs. Kinnaman's sister, Mrs. John Whipp of Pomona, Cal., who has been quite sick at St. Francis hospital, where she underwent a surgical operation, is much better and was able to be removed to Mr. and Mrs. Long's home several days ago.

On Trip to the North.

Mr. and Mrs. Halbert Catterton left Thursday noon for Superior, Wis., to visit Mr. Catterton's sister and husband, Dr. and Mrs. J. M. Donahoe, and at Duluth, Minn., with Mr. Catterton's brother, Dr. Lorraine Catterton and his wife. The Maryville people expect to be gone two weeks.

THE LITTLE PRAG.

Such Was the Name of the Supplement to the Normal Paper, The Pragmatist.

With this month's issue of the Normal monthly paper, The Pragmatist, there was a supplement issued called The Little Prag. It was issued at the Normal school, and the work was done by Harold Sealeman, under the direction of Prof. Frank Shepherd, editor of the paper. The following is what the editor says about the supplement: "This little supplement is not put out for the criticism of editors, composers, book reviewers, or the dear people in general. It simply represents a series of lessons on the practical work of our little printing press. The work was done by a pupil of the Fifth District Missouri State Normal school, in connection with the regular work of the manual training department."

"This small beginning is a hint of what we hope is to come. We are looking forward to the time when all the publications of the school will be printed in the school building, by pupils of the school, under the supervision of the manual training department."

News of Society and Womens' Clubs

Will Meet With Mrs. Richey.

The Young Ladies' Mission Circle of the First Christian church will hold its regular meeting Saturday afternoon at the home of Mrs. J. D. Richey.

Miss Eva Rittenour will entertain Saturday afternoon in honor of her cousin, Mrs. Roy Buck of Loveland, Colo., who with her mother, Mrs. J. Wesley Jones, is visiting the families of Mrs. Jones' sisters, Mrs. J. F. Montgomery and Mrs. M. M. Rittenour.

M. I. Circle Meeting.

Miss Emma Schroyer entertained the M. I. Circle Tuesday afternoon at its regular meeting. Devotions were led by Mrs. A. C. Hopkins. Roll call was responded to with Irish jokes. An illustrated talk on the work of British artists was given by Mrs. Vada Halley. Mrs. Charles McNeal read a paper on Halloween customs. Mrs. Omar Catterton acted as critic.

For Maryville Friends.

Miss Helen Purcell of Conception entertained a few friends Tuesday evening at her home. The party was complimentary to Mark Basford of Maryville, who went to Waterloo, Ia., Wednesday to accept a position. Beside the hostess and guest of honor there were present Misses Mamie Corcoran, Margaret Corcoran, Bernice Daly, Anna Morrissey, Dr. C. B. Todd, Messrs. Gale Lewis, Allen Lewis and Clarence Lierly.

Toel-Winslow Wedding.

A quiet wedding took place Tuesday noon at the home of Mr. and Mrs. Henry Toel of Conception, when their second daughter, Helen, was united in marriage to Mr. Fred Winslow of that place. This is the second bride since June in Mr. and Mrs. Toel's family, their eldest daughter, Mrs. Martin McNulty of Des Moines, having been the first bride. The ceremony for Tuesday's wedding was performed by Rev. J. D. Randolph of Maryville in the presence of a few relatives and friends. The bride wore a blue traveling suit. Ferns and pink and white roses were the decorations for the parlors and yellow and white chrysanthemums for the dining room, where a four-course wedding luncheon was served. The guests were Mr. and Mrs. James Winslow, Darrell and Dale Winslow, Mrs. Henry Toel of Maryville, Mrs. James Hefflin of Orsburg, Mr. and Mrs. Mart McNulty of Des Moines, Miss Beryl Bishop, Frank Yarnell, Halcott Toel and Mr. and Mrs. Henry Toel.

Gave Birthday Dinner.

Wednesday, October 16, was the forty-third birthday anniversary of Mr. John K. Sawyers of the firm of Sawyers & Airy, and a great birthday dinner was given at his home in celebration of the event by a large company of relatives and friends, who gathered at the Sawyers home during the forenoon and spread a feast that

SHOT IN THE EYE

EDWARD ANDERSON ACCIDENTALLY SHOT IN NORTH DAKOTA.

DIED FROM HIS WOUND AT NORTHWEST NORMAL

Was Son of Mr. and Mrs. Anderson of This City and Was Successful Contractor and Builder.

Mrs. Louis Anderson, 804 North Walnut street, received a telegram Wednesday evening from a physician of Aberdeen, N. D., saying her son, Edward Anderson, had been accidentally shot in one eye a short time before the message was sent, that the wound was serious, and requesting her to come.

Another message was received a little later from the injured man's wife saying that her husband could not live.

Mrs. Anderson and her son, James A. Anderson, left on the 9:47 Wabash train for Aberdeen. They had not been gone long on their journey when another message came from the wife stating that her husband was dead. The telegraphic message was phoned over to Conception to Mrs. Anderson and her son, where they were compelled to wait until 3 o'clock Thursday morning for the north-bound train.

Nothing more has been heard in regard to the accident.

Louis Anderson, the father of the deceased young man, is in Northern Iowa on an apple selling trip and has not been located yet by his son-in-law, L. G. Crossan of this city, who has been endeavoring to get the news of his son's death to him.

Edward Anderson and his family moved to New Rockford, N. D., a few years ago and was successfully engaged in his business as a contractor and builder. He was in Aberdeen, some 200 miles from his home, engaged in his work when the accident occurred.

Mr. Anderson was 30 years old. He was married eight years ago to Miss Bertha Maloney, the telegraph operator on the Wabash at Bedison. She is the daughter of Mrs. Nancy Maloney of Patonsburg. Three children survive with the mother, also two sisters and two brothers, Mrs. L. G. Crossan and Miss Bertha Anderson of this city, William Anderson of Bedison and James A. Anderson of Maryville.

The funeral and burial services will take place in North Dakota.

Money in English Blue Grass.

Henry Pistole, who has been experimenting with English blue grass, is of the opinion that there is more money in this crop for the farmers than raising wheat, says the Hopkins Journal.

He had in twenty acres last year and has some fifty-three acres this year. His average yield is twenty bushels to the acre, and the present price \$1.25 a bushel, will average him around \$37.50 per acre. It is less work than raising wheat, and the pasture, of course, is worth practically what it costs to put in and thresh the crop.

Here From St. Paul.

Blaine Archer, son of Mr. and Mrs. J. C. Archer of this city visited yesterday with his parents and friends in the city. Blaine has been with the American Press Association for some time, but has resigned his position and will go into the automobile business in St. Paul, having secured the state agency for the National, one of the finest and most popular cars on the market. Mr. Archer graduated from the Maryville Business college in 1911, and at once went to work in Omaha, being later transferred to St. Paul.

Returned to St. Paul.

Blaine Archer, son of Mr. and Mrs. J. C. Archer of South Walnut street, who has been visiting his parents in Maryville since Saturday, returned to St. Paul, Minn., Tuesday, where he has been employed for several months.

Mr. Armentrout Ill.

B. W. Armentrout, the aged father of Mrs. R. D. Jones of East Third street, has been very low from the infirmities of old age for several days. He makes his home with Mr. and Mrs. Jones.

Rebekah Lodge Tonight.

ON INSPECTING TOUR

STATE DEPUTY HIGHWAY ENGINEER IS INSPECTING BRIDGES.

LOOKED OVER WEST SIDE

Of Polk Township and Found One Hundred and Twenty-Seven Culverts—Some Need Repairs.

W. C. Davidson, state deputy highway engineer, who is here at the request of the Nodaway County Agricultural and Live Stock association, making an inspection of the roads and bridges of the township, was out Wednesday in the western part of the township in company with Paul Sisson and J. F. Roelofson, covering thirty-six miles in the trip. In this distance, traveling on the main roads only, they found one hundred and twenty-seven culverts, of which thirty-six were in need of repairs, in most instances the culverts having been built without head gates and the dirt approach having been washed away. This is an average of three to the mile.

Thursday Mr. Davidson, in company with Mr. Sisson and Judge John Thornhill of the county court, are going over the eastern part of the township. The party will also cover a part of Union township on the trip, inspecting the work proposed there.

The Lee road, east of the city, is to be improved under plans suggested by Mr. Davidson, and it is probable that a bond proposition will be submitted for the improvement of roads in this township.

TO IMPROVE THEATER.

The Empire is to Undergo Several Improvements and to Be Made Safer.

Manager Albert Kuchs announced Thursday that the Empire theater is to be improved, so as to make the theater one of safety. Three new exit doors are to be put in the theater, two downstairs and one upstairs, and the doors are so that they can be opened only from the inside, and this very easily. As the theater is now there are two fire plugs and chemical tanks in the house, and the entire floor of the house can be flooded with water within three minutes.

Another improvement Mr. Kuchs will make will be to repair the boxes. He will have panels two feet high and curtains around the boxes.

Accepts Good Position.

Mark Basford of this city, who has been employed with the Chicago Great Western at St. Joseph, has been transferred to Waterloo, Ia., as a stenographer in the general offices of the company at that place, and left for his new position last night. Another Maryville boy, Ralph C. Jamison, is in the employ of the C. G. W. at Waterloo, and is getting along fine. Both Basford and Jamison are graduates of the Maryville Business college, class of '12.

Left For Waterloo.

Harry Awall left Wednesday for Waterloo, Iowa, to begin work as traveling salesman for the Growen & Cowen lumber company of that place.

On Visit to Illinois.

Mrs. R. F. Hamlen left Wednesday for Bushnell, Ill., to visit her nephew and niece, Mr. and Mrs. Blake Alexander.

WHY NOT WILSON?

The Republican papers are printing the best Democratic arguments this year, and they can well be given the right of way. The Chicago Post, a leading Republican journal, recently addressed the following editorial to its readers, which should be read by every voter:

Why not Wilson?

This question is addressed particularly to Republicans.

Governor Wilson suits the Democrats down to the ground, suits all Democrats who are worthy to be called Democrats. But in an emergency like this, why should not Wilson suit a large part of the Republicans as well?

Why not Wilson?

Governor Wilson is a thoroughbred American gentleman, not only in the accident of birth, but in his every impulse, and principle. That should be the first requirement of every presidential candidate.

Governor Wilson is a tried and trustworthy executive. His brilliant record as governor of New Jersey proves that.

Governor Wilson is an eminently sane and sensible man. He is an eminently honorable man. He has dignified every place which he has held. He has performed a splendid public service by lifting the present campaign out of the riot of mudslinging with which Roosevelt began it.

In every personal characteristic, Governor Wilson is equipped to be any man's president; without regard to whether that man is a Democrat or a Republican. What, then, of his political qualifications?

Governor Wilson is and always has been a sensible Democrat, but he is not and never has been a silly, violent partisan.

Governor Wilson stands for honesty and efficiency in federal administration. So do all save those who profit by graft and inefficiency.

Governor Wilson stands for the curbing of trusts and monopolies. So do all, except monopolists and their defender, Theodore Roosevelt.

Governor Wilson stands for a prompt and steady downward revision of the tariff. So do nine-tenths of the people of the United States.

Governor Wilson believes in a more radical tariff revision than do a large number of the rank and file of Republicans. But Governor Wilson is the only candidate who, if elected, will permit the revision of the tariff at all.

The tariff has been too high for a generation. Is it not better to take a chance at getting it too low—according to Republican standards—than to let the known frauds of the present regime continue, for another four years, to rob the public?

Why not Wilson? He will give an honest, a dignified, a capable administration. He will see that the tariff is revised downward. He will curb trusts. He will serve the people.

Why not Wilson?

Mrs. Edward M. Walker and daughter, Virginia Belle, returned Wednesday night from a several days' visit in St. Joseph with Mr. Walker's sister, Mrs. Lewis C. Allen.

DESERVES PRAISE
Warren Jones, druggist, deserves praise from Maryville people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler-i-ka. This simple German remedy first became famous by curing appendicitis and it has now been discovered that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY.

Dr. and Mrs. Beauchamp of Bedford were Maryville visitors Thursday.

A New School for Maryville, Missouri

THE RICHARDSON Ladies Tailoring and Dressmaking School
of Dayton, Ohio, has

opened a branch school over Koch's drug

store, and are teaching LATEST, QUICKEST, most scientific and complete system of garment cutting ever invented and have had in our school at Chanute, Kansas, over 50 students the past year.

Provides the cheapest and only successful way to learn dressmaking.

It is the only educational institution which allows its graduates to return at any time without extra expense to review, practice or study new points. Is the only school of this kind which positively guarantees satisfaction and gives an unlimited number of lessons for a single tuition.

Why Not

Learn a trade where the demand far exceeds the supply?

Be your own dressmaker, able to dress better and at less expense?

Gain an accomplishment which will be of every-day, life-long practical value to you?

Give your daughters a practical education?

Remember

You can learn everything about dress making and ladies' tailoring in this school.

You can take any special part of the course and can limit your work to that one department or can go on gradually acquiring the whole course.

After completing the course you are allowed to bring any amount of sewing to the class room, receiving the same attention and instructions as before.

You are allowed to attend at your own convenience and to come until fully satisfied.

You work on your own sewing, thereby soon saving the cost of tuition.

You are taught to cut all fancy effects such as sleeves, trimmings, yokes, plaits, tucks, etc., to the exact measure of the form.

We have taught young ladies 13 years of age with entire success and can also teach you.

In graduating you have a practical knowledge of dressmaking.

Dressmaking has reached such a point of complexity and difficulty that the only place it can be learned successfully is in an organized school, working under trained instructors.

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish

is not only most economical, but it gives a brilliant shine that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—saves you time, work and money.

Don't forget—when you want stove polish be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Metal Polish for silverware, nickel, tinware, or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

LOTS OF BEAUTIFUL, GLOSSY HAIR. NO DANDRUFF--25 CENT "DANDERINE"

HAIR COMING OUT?—IF DRY, BRITTLE, THIN OR YOUR SCALP ITCHES
AND IS FULL OF DANDRUFF—USE "DANDERINE."

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

MEXICO NOW HAS NEW REVOLUTION

Felix Diaz, Nephew of Deposed President Starts Show of His Own.

SEIZED ARSENAL AT VERA CRUZ

Men Placed in Charge of Two Gunboats Lying in Harbor—Commander of Loyal Troops Will Resist.

The City of Mexico, Oct. 17.—Gen. Felix Diaz, nephew of Gen. Porfirio Diaz, the deposed president of Mexico, has now raised the banner of rebellion at Vera Cruz. He entered the city with 500 men and seized the arsenal and garrison, which comprised 500 of the twenty-first infantry and one 6-gun battery. Diaz then placed men in charge of the two gunboats, Tampico and Bravo, lying in the harbor.

The news of the rising created excitement here, although there were no street demonstrations. Mexicans generally appeared elated at the new developments. According to the reports, General Diaz found many adherents when he entered Vera Cruz, including some of the troops, but the government has been informed that the nineteenth infantry and the artillery remain loyal. Col. Gutierrez, commanding the loyal troops, notifies the government that he will resist.

Two Forces May Clash.

The two forces are now in the city of Vera Cruz and street fighting is imminent. President Madero has ordered the mobilization of 3,000 regulars to proceed against Gen. Diaz. The arrest of alleged partisans of Diaz in Mexico City is expected momentarily.

Overtures to Orozco.

El Paso, Tex., Oct. 17.—It is made known here that overtures have been made from men prominent in Madero's government at Mexico City to representatives here of Pascual Orozco, Jr., leader of the rebel movement in the north. Also, it is learned from secret service sources, that an emissary is on his way to Paris to see Porfirio Diaz, president of Mexico before the Madero revolution.

It was said on highest authority that Felix Diaz, who has risen in arms against the Madero government, is one of five named as presidential candidates to succeed Madero.

The new revolutionary party, said rebel leaders here, who for obvious reasons withhold their names, will be unique in Mexico in that it will champion no one man, leaving the selection to popular vote or to some committee to be chosen from the many warring elements in Mexico.

Rebels Just Won't Behave.

El Paso, Tex., Oct. 17.—Communication on the Mexico Northwestern railroad south of Juarez again is interrupted, the rebels having again cut the telegraph wires and burned the bridges.

BIG WEEK FOR THREE COUNTIES

Ralls, Audrain, and Monroe Combine in Big Corn Carnival at Perry, Mo.

Fulton, Mo., Oct. 17.—The big fall event of Ralls, Audrain and Monroe counties will be the corn carnival at Perry this week, from Thursday to Saturday. A. F. Ward is president of the association which has the affair in charge. Speaker Champ Clark will deliver an address Friday afternoon.

Eleven motor cars with Perry boosters made a trip to the towns in the three counties and advertised the carnival.

Thousands of visitors are expected in Perry from Ralls county and the territory in Audrain and Monroe counties adjacent to Ralls. Perry is in the center of one of the biggest corn districts in the state. Agricultural and live stock products will be shown.

Cake Was Substantial.

Ottumwa, Ia., Oct. 17.—A seven-layer cake baked at a demonstration here by Mrs. F. Hagerman stood an unusual test. The cake was ten inches high, and when completed a plank was placed on top and 17 women of average weight stood on the plank. The cake presented the appearance of a pancake when the weight was removed, but it did not burst or break and shortly began to rise to its full height of ten inches.

Ballot Suit in Nebraska.

Lincoln, Neb., Oct. 17.—A petition and affidavit for a writ of mandamus directing the secretary of state, Addison Waite, to place the names of the Taft electors on the ballot as the regular Republican candidates instead of the Roosevelt electors, was filed in district court here. The suit is brought upon the relation of 11 state Republican central committee and J. H. Culver, an elector and citizen of the state.

Ball News to Supreme Bench.

Washington, Oct. 17.—Unprecedented procedure was permitted in the supreme court of the United States when the justices, sitting on the bench hearing the government's argument in the "bathtub trust" case, received bulletins, inning by inning, of the world's championship baseball game at Boston.

WITNESS SLUGGED BY DYNAMITERS?

Assault on Kansas City Man Appears to Have Been for Revenge.

FEDERAL INVESTIGATION ASKED

United States District Attorney Has Information Which Causes Him to Wire Washington Request for Inquiry.

Indianapolis, Ind., Oct. 17.—United States District Attorney C. W. Miller telegraphed Attorney General Wickham, asking the department of justice to make a rigid investigation of the slugging at Kansas City, Mo., of H. E. Pearce, who testified as a witness for the government in the "dynamite conspiracy" trial. Mr. Miller said his information had been such as to warrant him in sending to Washington a request for an investigation.

"Pearce came here under subpoena from the government," said Mr. Miller, "and neither he or any other witness is to be molested on account of any testimony he may have given."

The district attorney's telegram asked for "A vigorous federal investigation for the purpose of determining the perpetrators of the outrage."

Testimony Important.

Pearce, who was a clerk in a Kansas City hotel, in his testimony identified Orrie E. McManigal as having registered at the hotel August 20, 1910, as "J. W. McGraw, St. Louis." McManigal, he said, had remained at the hotel three days, leaving on the day the dynamiter put several charges of nitroglycerin under portions of a bridge being constructed across the Missouri river.

While Pearce was on the stand only a short time and merely identified McManigal, his testimony was said by government attorneys to be important in connection with the other details of the "dynamite conspiracy," in which 45 men are on trial.

Pearce Watched Constantly.

Kansas City, Mo., Oct. 17.—Having given damaging testimony against the defense in the "dynamite cases" being tried at Indianapolis, Harry Pearce, a former clerk at the Hotel Jefferson when Orrie McManigal was stopping there, told the police he was assaulted and robbed Tuesday night, he thinks, in revenge by men who have been following him constantly since his arrival here.

Pearce was taken to the General hospital, where he said that when he stepped off the train at the Union depot a well dressed man glanced sharply at him and that this man had been following him since.

"I was in a saloon for more than three hours talking to a friend and when I stepped out the door the man was still waiting. I think to find an opportunity to assault me. During the last few days I have never been out of his sight on the street and there has been someone watching the place where I stay at night."

BEVERIDGE FILLS A T. R. DATE

Ex-Senator From Indiana Called on to Deliver Address Scheduled for Louisville, Ky.

Louisville, Oct. 17.—Albert J. Beveridge, former senator from Indiana brought to Kentucky Col. Roosevelt's message from the colonel's sick bed in Mercy hospital in Chicago.

"It matters little about me," Col. Roosevelt told Mr. Beveridge, "but it matters all about the cause we fight for. If one soldier who happens to carry the flag is stricken another will take it from his hands and carry it on."

Col. Roosevelt has canceled all his engagements, but insisted that the address he was to have made in Louisville be delivered. He called on Senator Beveridge to speak in his stead.

Missing Jewelry Found.

Chicago, Oct. 17.—Valuable jewelry, including a number of rings and pins the property of Col. James Hamilton Lewis, Democratic candidate for United States senator from Illinois, were among stolen property recovered by the police. They arrested two former employees of a residence hotel. Col. Lewis reported the theft to the police a week ago, his loss being among a number of hotel thefts in this city recently. The total amount recovered was about \$10,000.

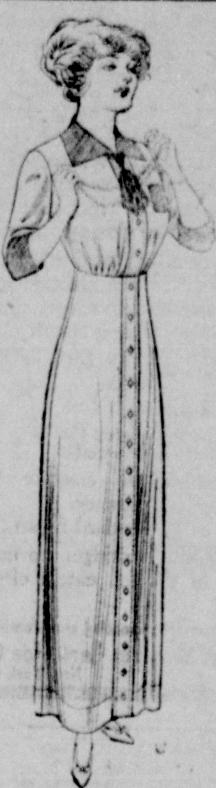

Fliers Fell in Air Pocket.

Annapolis, Md., Oct. 17.—Sailing into a treacherous pocket of air just after they started from the naval academy on a trip to Washington, Lieut. C. H. Ellison and Lieut. B. L. Smith of the navy aviation corps had the most serious smashup which has occurred since the establishing of the flying school here. Neither were injured beyond a few contusions and a plunge into the waters of the harbor, but their hydro-aeroplane was demolished completely.

Made Deaf by Whistle.

Wilmington, Del., Oct. 17.—When the cord of the whistle of his locomotive broke, the continued noise made Samuel E. Cair, the engineer, deaf before he could repair it. He is being treated by a specialist, but it is doubtful if he ever will hear again.

Round Oak Double Hot Blast HEATERS

Did you ever stop to analyze soft coal?

The average soft coal contains 44 per cent gas, 39 per cent fixed carbon, making 83 per cent available heat producing elements. Now the important thing to consider in buying a heater is to get one that will consume the greatest amount of this 44 per cent of gas, for this is the most important part of its heat producing qualities.

Now, this is just what the New Round Oak Double Hot Blast will do for you. The gas is the first element heat releases in soft coal and with this new feature of the Round Oak Heater we are able to consume the greater portion of this 44 per cent of gas, and in so doing are able to heat more space with less fuel than any other heater on the market. Let us show you why.

Our line of Heaters is complete and we can please the buyer with a limited purse or suit the buyer with the best to be obtained.

BULLET WAS NOT POISONED

Shot Fired at Roosevelt Proves Not to Have Been "Doctored."

CHEMICAL ANALYSIS WAS MADE

Fear of Milwaukee Physicians Unfounded—Steps Being Taken to Establish Mental Condition of Would-be Assassin.

Milwaukee, Oct. 17.—All fear that the bullet with which Col. Roosevelt was shot might have been inoculated with poison to make his death doubly sure was dispelled when Dean R. E. W. Sommers of Marquette university notified District Attorney Zabel that no traces of poison were found in the empty shell and upon the other bullets.

The bullets were subjected to analytical test by the chemist as a precautionary measure against the possibility of poison. A solution was made of the substance scraped from the bullets and the shreds of clothing, and inoculated into guinea pigs. No sign of poison manifested itself.

Alienists Engaged.

To satisfy himself of the mental condition of the would-be assassin, and as the first step in the preparation of his case, District Attorney W. A. Zabel has engaged the services of three alienists to examine Schrank. Their names are being kept secret for the present.

It is understood that each alienist will make his individual investigation of the defendant and then all will compare the results of their findings.

Probably a Paranoiac.

The letters found on Schrank indicate a kind of mind known to alienists as paranoia, the mental disease from which the slayers of Garfield, McKinley and Mayor Carter Harrison, Sr., of Chicago, as well as Harry K. Thaw, suffered, in the opinion of Dr. F. F. Fowle, first assistant physician at the Milwaukee county asylum for the insane. Many cases of paranoia are treated every year at the asylum.

Schrank had cut a hole in his lower vest pocket. Through this hole he pushed the barrel of the revolver so that only the handle was in the vest pocket. In this manner it was not visible and was obtainable at once. Schrank says he carried the revolver in this manner for days.

Wants to be Alone.

The prisoner wants to be left alone. He is tired of the crowds of curious people. He wants to be in his cell to think without having the curious crowds gaze upon him.

He sent for Sheriff Arnold and asked that the sheriff write a letter to the Mosely hotel, Charleston, S. C., directing that they send him his grip, which he left in a room there. The police already had sent for the grip.

Supply Wagons Attacked by Strikers at McGill, Nev.—Imported Depoties Turned Back.

McGill, Nev., Oct. 17.—Two wagons loaded with provisions for the men within the Steptoe smelter inclosure were attacked by strikers. The teams were stampeded and drivers and guards pelted with sticks and stones. Although clubs were used freely and several shots fired, no one was injured severely. Sheriff Crain declined to appoint as deputies a carload of men brought here from Salt Lake to act as guards at the works and the car was sent on to Ely.

IF CONSTIPATED OR BILIOUS—"CASCARETS"

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv.

Mrs. E. M. Delate of Kansas City, who has been visiting her grandmother, Mrs. William Dempsey, went to Barnard Wednesday evening to visit her aunt, Mrs. J. S. Stewart.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn."

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

SALES DAY SUCCESS

MERCHANTS REPORT INCREASED PATRONAGE WEDNESDAY.

SECRETARY IS PLEASED

Encouraging News From Business Men Shows Value of Innovation to Trade.

Reports from the merchants indicate that the sales day Wednesday was the most successful of any that have yet been held, in all except the clothing line, the slackness in this line being attributed to the warm weather. As before people came long distances to make their purchases, and the news is gradually being disseminated that the Maryville merchants are putting on real sales these days, doing just as they advertise, and that real bargains are to be had here. Dry goods merchants say their trade was from twenty-five to thirty per cent better than on ordinary days, shoe men say the same thing or better, while the hardware men are thoroughly satisfied. Secretary John Hoffman of the Commercial club is feeling much elated over the good reports.

BURR OAK CHURCH DEDICATION.

Will Take Place the Coming Sunday—One of Old Congregations of the County.

The Burr Oak M. E. church, four miles west of Skidmore, which has been undergoing a general reconstruction, is now completed and will be dedicated next Sunday. A large number of people are expected to be in attendance and there will be a basket dinner, after the dedicatory sermon by Rev. Sauceman of Skidmore.

The Baptist Meetings.

Rev. Smith preached on "The Progress of the Incarnation" at the First Baptist church last night. The audience was very attentive and there was evidence of personal interest from several present, one asking for the prayers of the people.

Rev. Smith said that the purposes of the incarnation was to reveal the Father; to take away sin and to destroy the works of the devil. He spoke of some of the men God first used in revealing himself to men, and said that they did not see the person of God, but they saw the love of God, His infinite tenderness, His yearning for His children. Then He sent His Son, the incarnation of Truth, to show to the world that He is all there is in all there is in the universe.

Rev. Smith's subject for Thursday night will be "The Valley of Decision."

Returned to Kentucky.

Mrs. A. J. Kinnaman of Bowling Green, Ky., who has been visiting at the home of her parents, Mr. and Mrs. G. W. Long, left for her home Thursday morning. Mrs. Kinnaman's sister, Mrs. John Whipp of Ponoma, Cal., who has been quite sick at St. Francis hospital, where she underwent a surgical operation, is much better and was able to be removed to Mr. and Mrs. Long's home several days ago.

On Trip to the North.

Mr. and Mrs. Halbert Catterton left Thursday noon for Superior, Wis., to visit Mr. Catterton's sister and husband, Dr. and Mrs. J. M. Donahoe, and at Duluth, Minn., with Mr. Catterton's brother, Dr. Lorace Catterton and his wife. The Maryville people expect to be gone two weeks.

THE LITTLE PRAG.

Such Was the Name of the Supplement to the Normal Paper, The Pragmatist.

With this month's issue of the Normal monthly paper, The Pragmatist, there was a supplement issued called The Little Prag. It was issued at the Normal school, and the work was done by Harold Selezman, under the direction of Prof. Frank Shepherd, editor of the paper. The following is what the editor says about the supplement: "This little supplement is not put out for the criticism of editors, composers, book reviewers, or the dear people in general. It simply represents a series of lessons on the practical work of our little printing press. The work was done by a pupil of the Fifth District Missouri State Normal school, in connection with the regular work of the manual training department."

"This small beginning is a hint of what we hope is to come. We are looking forward to the time when all the publications of the school will be printed in the school building, by pupils of the school, under the supervision of the manual training department."

Toel-Winslow Wedding.

A quiet wedding took place Tuesday noon at the home of Mr. and Mrs. Henry Toel of Conception, when their second daughter, Helen, was united in marriage to Mr. Fred Winslow of that place. This is the second bride since June in Mr. and Mrs. Toel's family, their eldest daughter, Mrs. Martin McNulty of Des Moines, having been the first bride. The ceremony for Tuesday's wedding was performed by Rev. J. D. Randolph of Maryville in the presence of a few relatives and friends. The bride wore a blue traveling suit. Ferns and pink and white roses were the decorations for the parlors and yellow and white chrysanthemums for the dining room, where a four-course wedding luncheon was served. The guests were Mr. and Mrs. James Winslow, Darrell and Dale Winslow, Mrs. Henry Toel of Maryville, Mrs. James Hefflin of Orrsburg, Mr. and Mrs. Mart McNulty of Des Moines, Miss Beryl Bishop, Frank Yarnell, Halcott Toel and Mr. and Mrs. Henry Toel.

Gave Birthday Dinner.

Wednesday, October 16, was the forty-third birthday anniversary of Mr. John K. SHOT IN THE EYE

EDWARD ANDERSON ACCIDENTALLY SHOT IN NORTH DAKOTA.

DIED FROM HIS WOUND

Was Son of Mr. and Mrs. Anderson of This City and Was Successful Contractor and Builder.

Mrs. Louis Anderson, 804 North Walnut street, received a telegram Wednesday evening from a physician of Aberdeen, N. D., saying her son, Edward Anderson, had been accidentally shot in one eye a short time before the message was sent, that the wound was serious, and requesting her to come.

Another message was received a little later from the injured man's wife saying that her husband could not live.

Mrs. Anderson and her son, James A. Anderson, left on the 9:47 Wabash train for Aberdeen. They had not been gone long on their journey when another message came from the wife stating that her husband was dead. The telegraphic message was phoned over to Conception to Mrs. Anderson and her son, where they were compelled to wait until 2 o'clock Thursday morning for the north-bound train.

Nothing more has been heard in regard to the accident.

Louis Anderson, the father of the deceased young man, is in Northern Iowa on an apple selling trip and has not been located yet by his son-in-law, L. G. Crossan of this city, who has been endeavoring to get the news of his son's death to him.

Edward Anderson and his family moved to New Rockford, N. D., a few years ago and was successfully engaged in his business as a contractor and builder. He was in Aberdeen, some 200 miles from his home, engaged in his work when the accident occurred.

Mr. Anderson was 30 years old. He was married eight years ago to Miss Bertha Malaney, the telegraph operator on the Wabash at Bedison. She is the daughter of Mrs. Nancy Maloney of Pattonsburg. Three children survive with the mother, also two sisters and two brothers, Mrs. L. G. Crossan and Miss Bertha Anderson of this city, William Anderson of Bedison and James A. Anderson of Maryville.

The funeral and burial services will take place in North Dakota.

Money in English Blue Grass.

Henry Pistole, who has been experimenting with English blue grass, is of the opinion that there is more money in this crop for the farmers than raising wheat, says the Hopkins Journal.

He had in twenty acres last year and has some fifty-three acres this year. His average yield is twenty bushels to the acre, and the present price \$1.25 a bushel, will average him around \$27.50 per acre. It is less work than raising wheat, and the pasture, of course, is worth practically what it costs to put in and thresh the crop.

Here From St. Paul.

Blaine Archer, son of Mr. and Mrs. J. C. Archer of this city visited yesterday with his parents and friends in the city. Blaine has been with the American Press Association for some time, but has resigned his position and will go into the automobile business in St. Paul, having secured the state agency for the National, one of the finest and most popular cars on the market. Mr. Archer graduated from the Maryville Business college in 1911, and at once went to work in Omaha, being later transferred to St. Paul.

Returned to St. Paul.

ON INSPECTING TOUR

STATE DEPUTY HIGHWAY ENGINEER IS INSPECTING BRIDGES.

LOOKED OVER WEST SIDE

Of Polk Township and Found One Hundred and Twenty-Seven Culverts—Some Need Repairs.

W. C. Davidson, state deputy highway engineer, who is here at the request of the Nodaway County Agricultural and Live Stock association, making an inspection of the roads and bridges of the township, was out Wednesday in the western part of the township in company with Paul Sisson and J. F. Roelofson, covering thirty-six miles in the trip. In this distance, traveling on the main roads only, they found one hundred and twenty-seven culverts, of which thirty-six were in need of repairs, in most instances the culverts having been built without head gates and the dirt approach having been washed away. This is an average of three to the mile.

Thursday Mr. Davidson, in company with Mr. Sisson and Judge John Thornhill of the county court, are going over the eastern part of the township. The party will also cover a part of Union township on the trip, inspecting the work proposed there.

The Lee road, east of the city, is to be improved under plans suggested by Mr. Davidson, and it is probable that a bond proposition will be submitted for the improvement of roads in this township.

TO IMPROVE THEATRE.

The Empire is to Undergo Several Improvements and to Be Made Safer.

Manager Albert Kuchs announced Thursday that the Empire theater is to be improved, so as to make the theater one of safety. Three new exit doors are to be put in the theater, two downstairs and one upstairs, and the doors are so that they can be opened only from the inside, and this very easily. As the theater is now there are two fire plugs and chemical tanks in the house, and the entire floor of the house can be flooded with water within three minutes.

Another improvement Mr. Kuchs will make will be to repair the boxes. He will have panels two feet high and curtains around the boxes.

Accepts Good Position.

Mark Basford of this city, who has been employed with the Chicago Great Western at St. Joseph, has been transferred to Waterloo, Ia., as a stenographer in the general offices of the company at that place, and left for his new position last night. Another Maryville boy, Ralph C. Jamison, is in the employ of the C. G. W. at Waterloo, and is getting along fine. Both Basford and Jamison are graduates of the Maryville Business college, class of '12.

Left For Waterloo.

Harry Awaft left Wednesday for Waterloo, Iowa, to begin work as traveling salesman for the Growen & Cowen lumber company of that place.

On Visit to Illinois.

Mrs. R. F. Hamlen left Wednesday for Bushnell, Ill., to visit her nephew and niece, Mr. and Mrs. Blake Alexander.

WHY NOT WILSON?

The Republican papers are printing the best Democratic arguments this year, and they can well be given the right of way. The Chicago Post, a leading Republican journal, recently addressed the following editorial to its readers, which should be read by every voter:

Why not Wilson?

This question is addressed particularly to Republicans.

Governor Wilson suits the Democrats down to the ground, suits all Democrats who are worthy to be called Democrats. But in an emergency like this, why should not Wilson suit a large part of the Republicans as well?

Why not Wilson?

Governor Wilson is a thoroughbred American gentleman, not only in the accident of birth, but in his every impulse, and principle. That should be the first requirement of every presidential candidate.

Governor Wilson is a tried and trustworthy executive. His brilliant record as governor of New Jersey proves that.

Governor Wilson is an eminently sane and sensible man. He is an eminently honorable man. He has dignified every place which he has held. He has performed a splendid public service by lifting the present campaign out of the mire of mudslinging with which Roosevelt began it.

In every personal characteristic, Governor Wilson is equipped to be any man's president; without regard to whether that man is a Democrat or a Republican. What, then, of his political qualifications?

Governor Wilson is and always has been a sensible Democrat, but he is not and never has been a silly, violent partisan.

Governor Wilson stands for honesty and efficiency in federal administration. So do all save those who profit by graft and inefficiency.

Governor Wilson stands for the curbing of trusts and monopolies. So do all, except monopolists and their defender, Theodore Roosevelt.

Governor Wilson stands for a prompt and steady downward revision of the tariff. So do nine-tenths of the people of the United States.

Governor Wilson believes in a more radical tariff revision than do a large number of the rank and file of Republicans. But Governor Wilson is the only candidate who, if elected, will permit the revision of the tariff at all.

The tariff has been too high for a generation. Is it not better to take a chance at getting it too low—according to Republican standards—than to let the known frauds of the present regime continue, for another four years, to rob the public?

Why not Wilson? He will give an honest, a dignified, a capable administration. He will see that the tariff is revised downward. He will curb trusts. He will serve the people.

Why not Wilson?

Mrs. Edward M. Walker and daughter, Virginia Belle, returned Wednesday night from a several days' visit in St. Joseph with Mr. Walker's sister, Mrs. Lewis C. Allen.

HEAD STUFFED! GOT A COLD? TRY PAPER'S!

One Dose of Paper's Cold Compound
Relieves Worst Cold or Grippe—
No Quinine Used.

You will distinctly feel your cold breaking and all the gripe symptoms leaving after taking the very first dose.

It is a positive fact that Paper's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Get a 25-cent package of "Paper's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all the gripe misery; without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.—Adv.

Miss Alice O'Connell of Corning, Ia., arrived Tuesday evening for a several days' visit with Misses Katherine and Teresa Yehle.

A New School for Maryville, Missouri

THE RICHARDSON

Ladies Tailoring and

Dressmaking School

of Dayton, Ohio, has

opened a branch school over Koch's drug

store, and are teaching LATEST, QUICKEST, most scientific and complete system of garment cutting ever invented and have had in our school at Chanute, Kansas, over 50 students the past year.

Provides the cheapest and only successful way to learn dressmaking.

It is the only educational institution which allows its graduates to return at any time without extra expense to review, practice or study new points.

Is the only school of this kind which positively guarantees satisfaction and gives an unlimited number of lessons for a single tuition.

Why Not

Learn a trade where the demand far exceeds the supply?
Be your own dressmaker, able to dress better and at less expense?

Gain an accomplishment which will be of every-day, life-long practical value to you?

Give your daughters a practical education?

Remember

You can learn everything about dress making and ladies' tailoring in this school.

You can take any special part of the course and can limit your work to that one department or can go on gradually acquiring the whole course.

After completing the course you are allowed to bring any amount of sewing to the class room, receiving the same attention and instructions as before.

You are allowed to attend at your own convenience and to come until fully satisfied.

You work on your own sewing, thereby soon saving the cost of tuition.

You are taught to cut all fancy effects such as sleeves, trimmings, yokes, plaits, tucks, etc., to the exact measure of the form.

We have taught young ladies 13 years of age with entire success and can also teach you.

In graduating you have a practical knowledge of dressmaking. Dressmaking has reached such a point of complexity and difficulty that the only place it can be learned successfully is in an organized school, working under trained instructors.

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish

is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Iron Polish on grates, registers, stove pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware, or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

LOTS OF BEAUTIFUL, GLOSSY HAIR. NO DANDRUFF--25 CENT "DANDERINE"

HAIR COMING OUT!—IF DRY, BRITTLE, THIN OR YOUR SCALP ITCHES
AND IS FULL OF DANDRUFF—USE "DANDERINE."

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

Round Oak Double Hot Blast HEATERS

Did you ever stop to analyze soft coal?

The average soft coal contains 44 per cent gas, 39 per cent fixed carbon, making 83 per cent available heat producing elements. Now the important thing to consider in buying a heater is to get one that will consume the greatest amount of this 44 per cent of gas, for this is the most important part of its heat producing qualities.

Now, this is just what the New Round Oak Double Hot Blast will do for you. The gas is the first element heat releases in soft coal and with this new feature of the Round Oak Heater we are able to consume the greater portion of this 44 per cent of gas, and in so doing are able to heat more space with less fuel than any other heater on the market. Let us show you why.

Our line of Heaters is complete and we can please the buyer with a limited purse or suit the buyer with the best to be obtained.

MEXICO NOW HAS NEW REVOLUTION

Felix Diaz, Nephew of Desposed President Starts Show of His Own.

SEIZED ARSENAL AT VERA CRUZ

Men Placed in Charge of Two Gunboats Lying in Harbor—Commander of Loyal Troops Will Resist.

The City of Mexico, Oct. 17.—Gen. Felix Diaz, nephew of Gen. Porfirio Diaz, the deposed president of Mexico, has now raised the banner of rebellion at Vera Cruz. He entered the city with 500 men and seized the arsenal and garrison, which comprised 500 of the twenty-first infantry and one 6-gun battery. Diaz then placed men in charge of the two gunboats, Tampico and Bravo, lying in the harbor.

The news of the rising created excitement here, although there were no street demonstrations. Mexicans generally appeared elated at the new developments. According to the reports, General Diaz found many adherents when he entered Vera Cruz, including some of the troops, but the government has been informed that the nineteenth infantry and the artillery remain loyal. Col. Gutierrez, commanding the loyal troops, notifies the government that he will resist.

Two Forces May Clash.

The two forces are now in the city of Vera Cruz and street fighting is imminent. President Madero has ordered the mobilization of 3,000 regulars to proceed against Gen. Diaz. The arrest of alleged partisans of Diaz in Mexico City is expected momentarily.

Overtures to Orozco.

El Paso, Tex., Oct. 17.—It is made known here that overtures have been made from men prominent in Madero's government at Mexico City to representatives here of Pascual Orozco, Jr., leader of the rebel movement in the north. Also, it is learned from secret service sources, that an emissary is on his way to Paris to see Porfirio Diaz, president of Mexico before the Madero revolution.

It was said on highest authority that Felix Diaz, who has risen in arms against the Madero government, is one of five named as presidential candidates to succeed Madero.

The new revolutionary party, said rebel leaders here, who for obvious reasons withhold their names, will be unique in Mexico in that it will champion no one man, leaving the selection to popular vote or to some committee to be chosen from the many warring elements in Mexico.

Rebels Just Won't Behave.

El Paso, Tex., Oct. 17.—Communication on the Mexico Northwestern railroad south of Juarez again is interrupted, the rebels having again cut the telegraph wires and burned the bridges.

BIG WEEK FOR THREE COUNTIES

Ralls, Audrain, and Monroe Combine in Big Corn Carnival at Perry, Mo.

Fulton, Mo., Oct. 17.—The big fall event of Ralls, Audrain and Monroe counties will be the corn carnival at Perry this week, from Thursday to Saturday. A. F. Ward is president of the association which has the affair in charge. Speaker Champ Clark will deliver an address Friday afternoon.

Eleven motor cars with Perry boosters made a trip to the towns in the three counties and advertised the carnival.

Thousands of visitors are expected in Perry from Ralls county and the territory in Audrain and Monroe counties adjacent to Ralls. Perry is in the center of one of the biggest corn districts in the state. Agricultural and live stock products will be shown.

Cake Was Substantial.

Ottumwa, Ia., Oct. 17.—A seven-layer cake baked at a demonstration here by Mrs. F. Hagerman stood an unusual test. The cake was ten inches high, and when completed a plank was placed on top and 17 women of average weight stood on the plank. The cake presented the appearance of a pancake when the weight was removed, but it did not burst or break and shortly began to rise to its full height of ten inches.

Ballet Suit in Nebraska.

Lincoln, Neb., Oct. 17.—A petition and affidavit for a writ of mandamus directing the secretary of state, Addison Waite, to place the names of the Taft electors on the ballot as the regular Republican candidates instead of the Roosevelt electors, was filed in district court here. The suit is brought upon the relation of the state Republican central committee and J. H. Culver, an elector and citizen of the state.

Ball News to Supreme Bench.

Washington, Oct. 17.—Unprecedented procedure was permitted in the supreme court of the United States when the justices, sitting on the bench hearing the government's argument in the "bathtub trust" case, received bulletins, inning by inning, of the world's championship baseball game at Boston.

WITNESS SLUGGED BY DYNAMITERS?

Assault on Kansas City Man Appears to Have Been for Revenge.

FEDERAL INVESTIGATION ASKED

United States District Attorney Has Information Which Causes Him to Wire Washington Request for Inquiry.

Indianapolis, Ind., Oct. 17.—United States District Attorney C. W. Miller telegraphed Attorney General Wickham, asking the department of justice to make a rigid investigation of the slugging at Kansas City, Mo., of H. E. Pearce, who testified as a witness for the government in the "dynamite conspiracy" trial. Mr. Miller said his information had been such as to warrant him in sending to Washington a request for an investigation.

"Pearce came here under subpoena from the government," said Mr. Miller, "and neither he or any other witness is to be molested on account of any testimony he may have given."

The district attorney's telegram asked for "a vigorous federal investigation for the purpose of determining the perpetrators of the outrage."

Testimony Important.

Pearce, who was a clerk in a Kansas City hotel, in his testimony identified Orville E. McManigal as having registered at the hotel August 20, 1910, as "J. W. McGraw, St. Louis." McManigal, he said, had remained at the hotel three days, leaving on the day the dynamiter put several charges of nitroglycerin under portions of a bridge being constructed across the Missouri river.

While Pearce was on the stand only a short time and merely identified McManigal, his testimony was said by government attorneys to be important in connection with the other details of the "dynamite conspiracy," in which 45 men are on trial.

Pearce Watched Constantly.

Kansas City, Mo., Oct. 17.—Having given damaging testimony against the defense in the "dynamite cases" being tried at Indianapolis, Harry Pearce, a former clerk at the Hotel Jefferson when Orville McManigal was stopping there, told the police he was assaulted and robbed Tuesday night, he thinks, in revenge by men who have been following him constantly since his arrival here.

Pearce was taken to the General hospital, where he said that when he stepped off the train at the Union depot a well dressed man glanced sharply at him and that this man had been following him since.

"I was in a saloon for more than three hours talking to a friend and when I stepped out the door the man was still waiting. I think to find an opportunity to assault me. During the last few days I have never been out of his sight on the street and there has been someone watching the place where I stay at night."

BEVERIDGE FILLS A T. R. DATE

Ex-Senator From Indiana Called on to Deliver Address Scheduled for Louisville, Ky.

Louisville, Oct. 17.—Albert J. Beveridge, former senator from Indiana brought to Kentucky Col. Roosevelt's message from the colonel's sick bed in Mercy hospital in Chicago.

"It matters little about me," Col. Roosevelt told Mr. Beveridge, "but it matters all about the cause we fight for. If one soldier who happens to carry the flag is stricken another will take it from his hands and carry it on."

Col. Roosevelt has canceled all his engagements, but insisted that the address he was to have made in Louisville be delivered. He called on Senator Beveridge to speak in his stead.

Missing Jewelry Found.

Chicago, Oct. 17.—Valuable jewelry, including a number of rings and pins the property of Col. James Hamilton Lewis, Democratic candidate for United States senator from Illinois, were among stolen property recovered by the police. They arrested two former employees of a residence hotel. Col. Lewis reported the theft to the police a week ago, his loss being among a number of hotel thefts in this city recently. The total amount recovered was about \$10,000.

Flyers Fell in Air Pocket.

Annapolis, Md., Oct. 17.—Sailing into a treacherous pocket of air just after they started from the naval academy on a trip to Washington, Lieut. C. H. Ellison and Lieut. B. L. Smith of the navy aviation corps had the most serious smashup which has occurred since the establishing of the flying school here. Neither were injured beyond a few contusions and a plunge into the waters of the harbor, but their hydro-aeroplane was demolished completely.

Made Deaf by Whistle.

Wilmington, Del., Oct. 17.—When the cord of the whistle of his locomotive broke, the continued noise made Samuel E. Carr, the engineer, deaf before he could repair it. He is being treated by a specialist, but it is doubtful if he ever will hear again.

BULLET WAS NOT POISONED

Shot Fired at Roosevelt Proves Not to Have Been "Doctored."

CHEMICAL ANALYSIS WAS MADE

Fear of Milwaukee Physicians Unfounded—Steps Being Taken to Establish Mental Condition of Would-be Assassin.

Milwaukee, Oct. 17.—All fear that the bullet with which Col. Roosevelt was shot might have been inoculated with poison to make his death doubly sure was dispelled when Dean R. E. W. Sommers of Marquette university notified District Attorney Zabel that no traces of poison were found in the empty shell and upon the other bullets.

The bullets were subjected to analytical test by the chemist as a precautionary measure against the possibility of poison. A solution was made of the substance scraped from the bullets and the shreds of clothing, and inoculated into guinea pigs. No sign of poison manifested itself.

Alienists Engaged.

To satisfy himself of the mental condition of the would-be assassin, and as the first step in the preparation of his case, District Attorney W. A. Zabel has engaged the services of three alienists to examine Schrank. Their names are being kept secret for the present.

It is understood that each alienist will make his individual investigation of the defendant and then all will compare the results of their findings.

Probably a Paranoiac.

The letters found on Schrank indicate a kind of mind known to alienists as paranoia, the mental disease from which the slayers of Garfield, McKinley and Mayor Carter Harrison, Sr., of Chicago, as well as Harry K. Thaw, suffered, in the opinion of Dr. F. F. Fowle, first assistant physician at the Milwaukee county asylum for the insane. Many cases of paranoia are treated every year at the asylum.

Schrank had cut a hole in his lower vest pocket. Through this hole he pushed the barrel of the revolver so that only the handle was in the vest pocket. In this manner it was not visible and was obtainable at once. Schrank says he carried the revolver in this manner for days.

Wants to be Alone.

The prisoner wants to be left alone. He is tired of the crowds of curious people. He wants to be in his cell to think without having the curious crowds gaze upon him.

He sent for Sheriff Arnold and asked that the sheriff write a letter to the Mosely hotel, Charleston, S. C., directing that they send him his grip, which he left in a room there. The police already had sent for the grip.

CUT OFF MINERS' PROVISIONS

Supply Wagons Attacked by Strikers at McGill, Nev.—Imported Dependencies Turned Back.

McGill, Nev., Oct. 17.—Two wagons loaded with provisions for the men within the Steptoe smelter inclosure were attacked by strikers. The teams were stampeded and drivers and guards pelted with sticks and stones. Although clubs were used freely and several shots fired, no one was injured severely. Sheriff Crain declined to appoint as deputies a carload of men brought here from Salt Lake to act as guards at the works and the car was sent on to Ely.

A PERTINENT QUESTION.

How do you like to be the repair man? Not a very pleasant subject. No doubt the job would ruffle your feelings as well as your clothes.

SAVE A LOT OF TROUBLE.

IF CONSTIPATED OR BILIOUS—"CASCARETS"

No Bilioussness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv.

Mrs. E. M. Delate of Kansas City, who has been visiting her grandmother, Mrs. William Dempsey, went to Barnard Wednesday evening to visit her aunt, Mrs. J. S. Stewart.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn."

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity.

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.
